CONCORDIA LIFE CARE COMMUNITY AND THE TREE BANK OFFER FREE TREES

Oklahoma City, October 13, 2015 – Concordia Life Care Community and the Tree Bank Foundation are partnering to provide Oklahoma City with free trees as part of the Great Tree Giveaway program. Twenty-five 3-gallon Shantung Maple trees will be available for the public to receive at a tree giveaway held on Friday, October 16 from 3:30pm to 5:30pm at Concordia Life Care Community, 7707 W. Britton Road, Oklahoma City, OK 73132. Sign up for a tree is required. Please call (405) 720-7200 to reserve your tree.

This will be the first tree giveaway event for Concordia Life Care Community resulting in community beautification, cleaner air, greater storm water management, personal health and economic growth for Oklahoma City. The Tree Bank Foundation will distribute 1,000 free trees to 17 communities throughout the state of Oklahoma during the month of October. The Great Tree Giveaway program has distributed more than 140,000 trees to 60 different Oklahoma communities since its inception in 2008.

About Concordia Life Care Senior Living

Concordia is a Life Care retirement community offering maintenance-free independent living in spacious residences with access to on-site assisted living and memory support services, as well as skilled nursing care, if ever needed. Concordia Life Care Community is a not-for-profit life care retirement community located in northwest Oklahoma City and is owned by Lutheran Senior Citizens, Inc. (LSCI). For more information, call (405) 720-7200 or visit www.concordiaseniorliving.com. You can also find Concordia Life Care Community on Facebook.

About The Tree Bank Foundation

The Tree Bank Foundation was founded in 1987 by volunteer supporters interested in promoting education, planting, care and beautification of our state through a wide network of organizations and individuals committed to distributing trees. Its mission is “to promote and plant trees to enrich Oklahoma communities”. The value of the more than 220,000 trees brought to the state through the Tree Bank has been estimated to be more than \$240 million at maturity.
